

CURRICULUM

At St. Paul Lutheran Early Childhood Center we base our programs on the development of the "whole child." We believe that children learn best through play and "hands on" experiences. Every child enrolled will learn daily about Jesus their Savior while being able to explore through age and developmentally appropriate learning activities. Emerging themes will be presented as part of the curriculum in an effort to enhance each child's personal explorations, discovery, and developmental level.

Our Mission

Using God's Word as our guide, St. Paul Lutheran Early Childhood Center exists to promote quality, Christ-centered education and care to our families and our community.

Helping Children Learn...

Spiritually. By daily hearing God's word and growing in relationships with Jesus Christ.

Intellectually. By creating language rich environments that promote learning, thinking and problem-solving.

Physically. By offering many opportunities to use large and small motor skills.

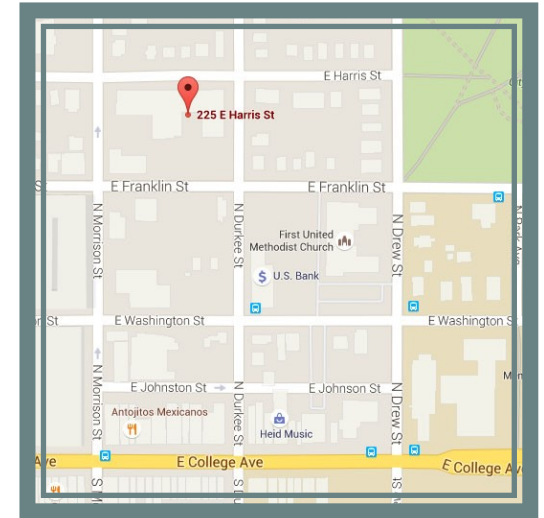

Socially. By providing Christ-centered opportunities to play and enjoy peer group activities.

Creatively. By promoting opportunities for free expression of art, movement, and music.

Emotionally. By sharing the knowledge that each child is a redeemed child of God.

OUR CHILDHOOD CENTER

- * **Location, location, location!!!** We're conveniently located two blocks north of downtown Appleton.
- * **New Facility!** State of the art, new facility built in 2015
- * **Center Hours:** 6:30 am - 5:30 pm Monday - Friday
